

CPA AUSTRALIA

YOU DON'T HAVE TO BE AN ACCOUNTANT TO BECOME A CPA!

CPA Australia is a **global professional accountancy body** with 132,000 members in over 100 countries.

It's a global brand for a global market. Take your career *global!*

A CPA (Certified Practising Accountant) is a highly qualified finance, accounting and business professional. We are one of the largest, most recognised and respected accounting bodies in the world and it is the capabilities of **STRATEGY, LEADERSHIP, and GLOBAL BUSINESS** that set CPA Australia apart in today's dynamic business environment.

CPAs form part of a network of over 800,000 strategic business professionals, and New Zealand's growing membership is a part of this.

The CPA Program is an option for business graduates in New Zealand.

Check this out – organisations such as Coca Cola, Flight Centre, DHL, KPMG, Deloitte, PWC, Massive Software, Adidas, BNZ, Beca, SkyCity Entertainment, Jade Software and many more, support their best and brightest to participate in and complete the CPA program.

New Zealand tertiary institutions promote the CPA Australia Pathway to their students.

You don't just have to be studying accounting to become a CPA. Get your degree and then talk to CPA Australia about the pathway for you.

ENTRY REQUIREMENTS TO BECOME A CPA

To become a recognised CPA, you must complete the CPA program. The program comprises a foundation and professional level, incorporating practical experience requirements. Before you begin, you must have a tertiary degree or postgraduate award recognised by CPA Australia.

The content of the CPA program is updated every semester to reflect changes to legislation, standards and current practice.
