

# CHANGE TO MĀORI KEYBOARD IN WINDOWS

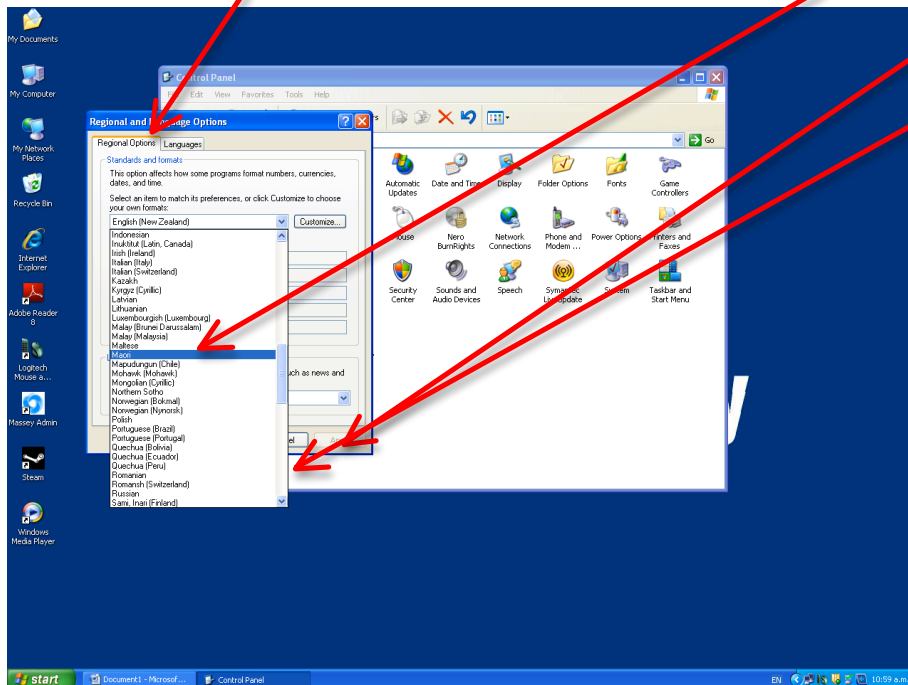

1. Go to the **Start** menu then select **Settings** and then **Control Panel**

2. Select **Language and Regional Options**

3. From **Regional Options** scroll down the drop box and select **Māori**, then push **Apply** then **OK**.

4. There should be a language tab **EN** in the bottom right corner of the screen. Select this and there should be a tick next to the English. Select **Māori** to change Language input. The tick should move to **MR-Māori**. If this doesn't work select **Show the Language Bar**.

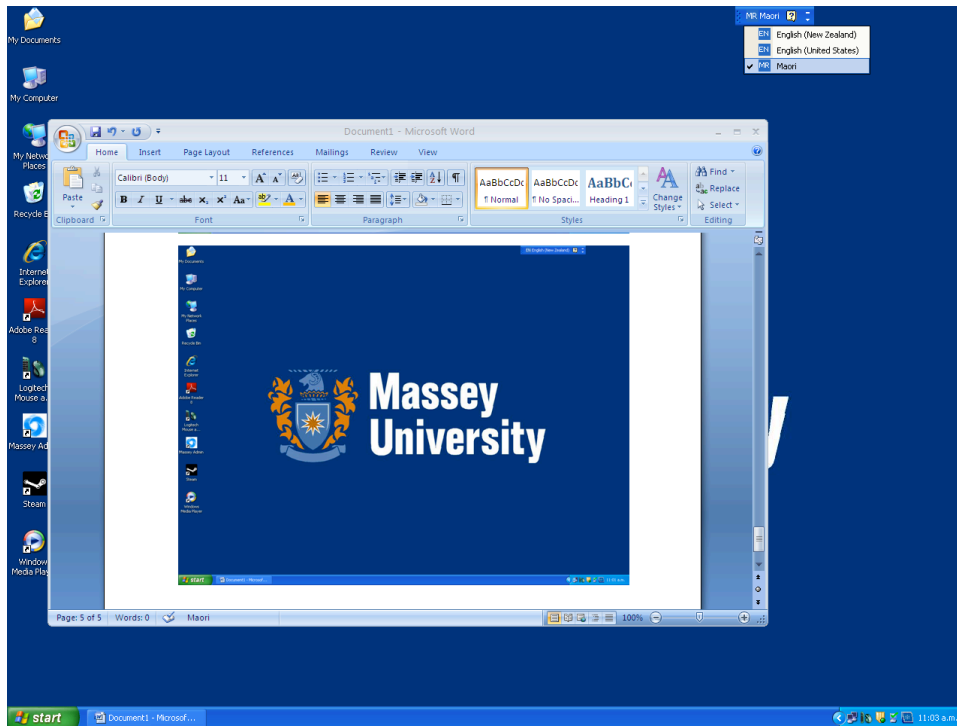

5. Select **EN** and a drop box will appear with **MR** as an option.

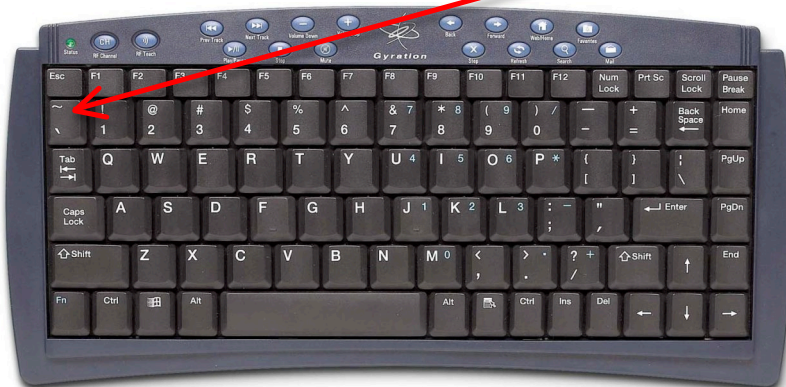

6. Select **MR-Māori** and then close Language Bar by selecting the  on the right-hand side of the bar.

7. Now you can include macrons on vowels simply by pressing the  key at the same time you type your vowels.
